Longstanding District Councillor Maureen Holding endorses Dan

Dan is both privileged and very humbled to be endorsed by the four current District Councillors from the old areas within the new ward: Michael Harris OBE, Janette Duke, Barry Rickman and Maureen Holding are all endorsing Dan as your new District Councillor. With nearly 80 years of collective service on the District Council between them, this trust in Dan will not be taken for granted. He pledges to work hard to repay this trust.

**How your vote for DAN POOLE will help to deliver a better Forest & Solent (Beaulieu, Boldre, East Boldre and Exbury & Lepe)**

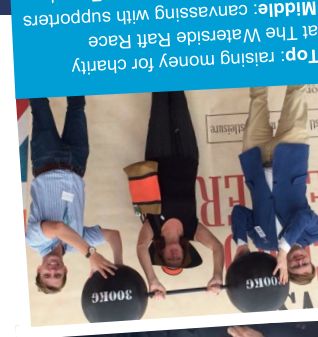

As an active trustee of local charities, as well as a press officer to a local branch of a well-known seafaring charity, I am already active in the New Forest community and see day-to-day how vital many of their services are for residents. With so much going on across four parishes, including the Beaulieu and Exbury Estates, it is, therefore, important to elect a proactive councillor and, to this end, I ask for your support as your new Councillor for the Forest and Solent Ward on New Forest District Council.

I work for the local Conservative Association and have a good network of contacts, which proves invaluable when resolving problems or seeking help from the various authorities. Prior to this, I worked for 15 years in New Forest hospitality, so have a strong understanding of the challenges hoteliers, publicans and small business owners face in these difficult times.

If you lend me your support on the 4th May, I promise to work hard, keep you informed and always act in your best interests.

Warmest Regards,  
Dan

Dear Elector,

In case you are not aware, the Local Government Boundary Commission recently concluded an electoral review of the New Forest District Council wards. This resulted in a reduction from 60 seats to 48. A new ward has been created for this area, 'Forest and Solent', covering the Parishes listed above. It will be a one-member ward, whereas previously, you elected two councillors.
