

Kate Crisell, David Penny & Neville Penman

Your vote is very important and will decide who speaks up for our special part of the New Forest.

With thousands of new homes planned for Totton North, the potential dualling of the A326, the new Southampton Freeport, and so much more on the horizon, we know that at this critical moment everyone's interests must be served by the best possible candidates. We truly believe that we are those candidates and we are really excited to have the opportunity to continue to work with you, delivering on the priorities that matter most to our community.

We believe in finding solutions. It's why we successfully convinced the Totton Council to subsidise five hours free parking when all-day free parking was removed from the town centre. Some of the other issues you've told us about, relating to crime, antisocial behaviour, fly-tipping and additional housing, we're working on. There are always solutions. We have always sought to be proactive members of the community, with your help, we can improve our Town, our community and the lives of all of our residents.

We can't change what happens in Westminster, but here locally and do our best for everyone in Totton.
